JEAN-PAUL PAN CRAZI & SUNNY WANG: 节奏与调子-法国五月艺术节2012

Curated by Amandine Hervey

French painter Jean-Paul Pancrazi and Taiwanese multi-media artist and sculptor Sunny Wang give material form to the act of tracing.

Pancrazi explores the concept of traces and imprints by including fragments of text into his thick paintings, while Wang bases her installation on ancient Chinese poems simplifying their rhythms/tones into calligraphic lines and circles to recompose their meaning abstractly.

The exhibition is an invitation to active contemplation and reflection on being here and now.
